SIBLEY IS ACCUSED.

Former Congressman in Trouble.

He and Others Are Charged With Conspiracy to Debauch Voters.

His Campaign Expense Accounts Are Alleged to Be 'Juggled.'

It Is Asserted He Secured Nomination by Means of Bribery.

(BY DIRECT WIRE TO THE TIMES.)
FRANKLIN (Pa.) Aug. 23.—(Exclusive Dispatch.) Following his withdrawal yesterday as Republican candidate for Congress in the Twenty-eighth District, Joseph C. Sibley last night was served with a warrant charging him and others with conspiracy to bribe and debauch voters of Warren County.
Named with him are Frank H. Taylor, Charles Crandall, D. M. Howard and George D. Munn, prominent Warren county politicians, who are charged with receiving large sums from Sibley, who is accused of having secured his nomination through such bribery.
Sibley's campaign expense accounts, with amendments, showing he had spent \$12,500 are said to be greatly under the real figure. Reports place the amount at nearly \$100,000, and it is said sensational evidence will be brought out at the hearing Friday morning.
The information was made before Justice of the Peace H. F. Perry of Warren by Constable Walter S. Page of the First Ward of that town.
Page is stated to have the backing in his suit of Attorney W. J. Breen, Democratic candidate for Congress in the District, who instituted audit proceedings against Sibley, and of S. S. Walker, Democratic editor of Warren and of Chase, a Democratic politician of that town.
The warrants were served on Sibley and Taylor, who were permitted to remain at liberty without bond on \$10,000 each.

GEM STATE STILL IN GRIP OF RED DEMON.

Interest in Idaho Forest Blazes Centers in Fate of Two Hundred Forest Rangers Reported Missing—Rains Give Fighters New Hope.

(ASSOCIATED PRESS NIGHT REPORT.)
SPOKANE, Aug. 23.—Interest tonight in the Idaho forest fires is centered upon the fate of 200 men not heard from since Friday night when they were fighting the flames in the country between Wallace and St. Joe. It was reported that a prospector who reached Wallace tonight brought word to Forest Supervisor Wiegand that Kottke was safe at Missoula with a few of his men. Most of the crew, however, are still missing, and advice from Avery, who says the men have not been traced.
Kottke, a graduate of the Yale forestry school, is one of the most valued men in the forest service, and Supervisor W. R. Wiegand feels sure that he would have sent word to his chief if communication were possible.
The missing men were in a section where the flames have burned most fiercely. Searching parties have started in several directions for Avery, Idaho.
Ranger Van Dyke, on Independence Creek, and Ranger Derrick at Slaters, Mont., both reported tonight. It had been feared that Van Dyke's crew of 75 men had been cut off.
Latest reports from Montana concerning the 600 missing rangers are more hopeful.
A revised count of the known dead in the near Wallace given 28 bodies, only 12 of which have been identified. In most cases the bodies recovered are so charred as to be beyond recognition.
RAIN BRINGS HOPE.
Light rain began to fall this afternoon in Wallace and other Couer d'Alene mining towns that have been scorched or threatened by the forest fires, and the weary fire fighters took new hope.
Nothing but a long and heavy down-pour can quell the flames that are eating up the big trees of Northern Idaho, Northwestern Montana and Northeastern Washington, however.
The Idaho militia and United States troops are on the way to do battle with the red invader, but the soldiers can accomplish little more than protection of the threatened towns.
The United States forest supervisors in Idaho and in Montana are unable to get into communication with 900 of their rangers, but it may be that many of them are unharmed. The most serious rumor of loss of life continues to be circulated, but it is impossible to verify them and it seems likely that aside from losses among the national

their own recognition, to appear Friday.
Information state that the conspirators used the following sums, paid over by Sibley and his secretary, Taylor, to effect their purpose:
To Charles Crandall, \$15,000; to George B. Munn, \$5,000; to D. M. Howard, \$4,000; to F. Wheeler, \$2,500; to William McCray, \$2,500; to C. J. Gibson, \$2,500; to R. H. Schumacher, \$2,500; to Albert Erickson, \$1,000; to John A. Swanson, \$1,000. These amounts total \$29,125.
Sibley has been both a Democrat and Republican in his career in Congress. He served five times in the House of Representatives—twice as a Democrat. Sibley said: "I don't see how a man lying on his back sick in Franklin county could commit a crime in Warren county, where this conspiracy is alleged to have occurred."
Political opponents assert Sibley's sudden withdrawal from the race yesterday, without giving the least intimation to his political associates, was due not to ill-health but chiefly because Sibley was warned that suits proceeding against him, and that he hoped the proceedings might be dropped similar allegations will be made by W. J. Breen, Democratic candidate, next week when the suit of Sibley's expense account comes up in court.

STILL RAGING.

This will also be probed at the convention. The Trial Committee is composed of the Grievance Committee and members of the Judiciary Committee and will take the matter up thoroughly. The Judiciary Committee met in the afternoon at 4:45 p.m. to begin a hearing, but little could be gained as to their actions in the matter. It is believed, however, that owing to measures brought up, both the Bell and Grady forces met with reverses at the hands of the independent party which made its appearance.
The meetings being executive, it is very hard to get the inside information, and the sources of information ask that their names be withheld.
Ernest Cawcroft, chairman of the Press Committee, stated that he could absolutely give out no information regarding the graft charges and he was sworn to secrecy. Others interviewed stated likewise.
This afternoon, when the Judiciary Committee commenced to probe, McDonald, attorney for Grady, arose and stated he did not believe it was in the power of the Grand Jury to prove the charges or to try the men. He claimed the local aeries in which they were said to have grafted should try to get out of the country as soon as possible. He refused to appear at the trial, but his action is yet unknown.

NORTH EUROPE FEARS PLAGUE.

Scandinavian Papers Protest Against Intrusion of Russians—Report Hundred Thousand Deaths.

(BY DIRECT WIRE TO THE TIMES.)
COPENHAGEN, Aug. 23.—(Exclusive Dispatch.) Scandinavian papers are demanding protection from the steadily increasing danger of an outbreak of Asiatic cholera. They point out that while Russia demands a passport from every foreigner entering that country, neighboring nations permit Russians to enter unhindered. This, the newspapers declare, must stop.
The cholera in Russia is worse and has lasted longer than in any previous year. Every other patient dies, and, according to reports received here, there have so far been nearly 100,000 deaths.

COMMITTEE CHANGES BASE.

Indian Lands Investigators Go to Pawhuska, Okla., to Take More Testimony.

(ASSOCIATED PRESS NIGHT REPORT.)
SULPHUR (Okla.) Aug. 23.—The select committee of the House of Representatives, which is investigating Indian land contracts and the Grafting charges, left today for Pawhuska, Okla. The committee will then go to Arkansas City, Kas., and to the Chillicothe Indian School at Oklahoma. The next hearing will be held at Pawhuska, among the Omaha Indians, probably tomorrow afternoon or Thursday morning.

RUFFLED PLUMAGE.

Eagle Officers Are Under Fire.

Graft Charges Referred to Trial Committee for Investigation.

Bomb Explodes When Names of Accused Men Are Published.

Matter to Be Handled Much the Same as in Court of Justice.

(BY DIRECT WIRE TO THE TIMES.)
ST. LOUIS (Mo.) Aug. 23.—(Exclusive Dispatch.) When the Judiciary Committee of the Fraternal Order of Eagles this afternoon gave out for the first time the names of the men who were accused of graft in connection with a previous administration of the order, they offered the first bomb of the reform movement which is led by Frank Hering, present Grand Worthy President, and Theodore A. Bell of California.
It was a decisive victory for the reform faction and especially so when the matter was given over to the Trial Committee to be handled in somewhat the same manner as a court of justice would handle it.
When the Judiciary Committee stated in its report that four men were connected with the alleged graft—namely, Edward Krauss of Wilmington, Del., Past Grand Worthy President; Thomas Hayes of Newark, N. J., Grand Trustee under Krauss; J. B. Monaghan of Philadelphia, Past Worthy President and director of the board of trustees; and Martin Gray of New Haven, Grand Worthy Treasurer at the Krauss time.
These men, according to the Judiciary Committee, stated that they had been connected with the order since 1906 in selling to the order a patent machine, which they should have sold, according to a contract with a man by the name of Duckworth, for \$10, but which they are said to have sold for \$21.50. The greater part of the graft, however, it was stated late tonight, is a shortage of \$12,000 by several past worthy officers in the purchase of supplies.
TRIAL COMMITTEE.
This will also be probed at the convention. The Trial Committee is composed of the Grievance Committee and members of the Judiciary Committee and will take the matter up thoroughly. The Judiciary Committee met in the afternoon at 4:45 p.m. to begin a hearing, but little could be gained as to their actions in the matter. It is believed, however, that owing to measures brought up, both the Bell and Grady forces met with reverses at the hands of the independent party which made its appearance.

ANNA HELD IS RESTING.

Florence Ziegfeld, Her Husband, Says She Will Not Appear on Stage for Year.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Aug. 23.—(Exclusive Dispatch.) Florence Ziegfeld, returning from Europe today, announced that her wife, Anna Held, the actress, would not appear in this country until a year from September. She is at present resting at Troville, France, and will not undertake any stage work this year.
Asked about the possible purchase of new plays Mr. Ziegfeld said:
"Charles Frohman has cornered all the hits and has cornered all the failures, so there are no shows to buy."
Anna Held's next appearance in New York, it was said, would be in an elaborate new production by Charles M. B. Smith and Paul Linke.
An Antoinette monoplane purchased abroad by Mr. Ziegfeld will arrive here next week on a French liner. Mr. Ziegfeld learned to operate the machine under the guidance of Hubert Latham, the aviator, and he will enter it in the international aviation meet at Garden City in October. Mr. Ziegfeld is enthusiastic over aeroplaning as a result of his practice in France.

Newspaper Figures Show Wheat Crop 16,745,000 Bushels Under Those of Last Year.

(BY DIRECT WIRE TO THE TIMES.)
WINNIPEG (Man.) Aug. 23.—(Exclusive Dispatch.) The wheat crop of Western Canada will amount to 101,238,000 bushels, against 118,000,000 bushels last year, according to an estimate prepared by the Winnipeg Free Press, which has had twelve experts touring the wheat belt for the last six weeks. It places the exportable surplus at 65,000,000 bushels. The estimate of this paper has never been more than 1,000,000 bushels wrong and once was within 50,000 bushels of the yield, as reported in the government returns. In details, the figures are:

(ASSOCIATED PRESS DAY REPORT.)
NEWARK (N. J.) Aug. 23.—The town of Braceville, near here, is this week celebrating the ninetieth birthday anniversary of Benjamin Cole, a retired farmer, who holds the record for casting the greatest number of ballots.
For sixty-nine years he has been a voter and since reaching his majority has never been absent from the polls on election day.
He prides himself on being an independent in politics, but says he has voted "democratically" most of the time.

CUDAHYS DIVORCED.

Decree Is Granted in Short Order.

Wife of Slasher of Jere Lillis Freed in Ten Minutes.

She Is Granted Alimony of One Dollar; Outside Settlement.

Custody of Four Children to Go to Father of the Defendant.

(ASSOCIATED PRESS NIGHT REPORT.)
KANSAS CITY, Aug. 23.—As a sequel to John P. (Jack) Cudahy's attack on Jere Lillis, in the Cudahy residence shortly after midnight on March 6, last, Mrs. Cudahy obtained a divorce from her husband here. The decree was granted by Judge H. Stover, on the ground of incompatibility of temperament, ten minutes after Mrs. Cudahy had filed her petition.
Mrs. Cudahy and her maid, Eliza, both Johnson, and the only witnesses called. No mention was made of the Lillis affair.
Cudahy was not in court. He is said to have been here yesterday, but he could not be located tonight. Attorneys represented him at the hearing, but they made no protest against the granting of the decree and offered no witnesses.
It is understood that Gen. John C. Cowin of Omaha, father of Mrs. Cudahy, and Michael Cudahy, the defendant's father, brought about an amicable settlement of the case outside the court.
By the terms of the decree, Mrs. Cudahy receives alimony of \$1 a week from Mrs. Cudahy, however, and Michael Cudahy had agreed to pay his son's wife \$500 during the year following her divorce, and then during each year of her life as long as she should remain single.
Custody of the four children was given Michael Cudahy and his wife, during their lifetime. Upon their death, Mary Cudahy, an aunt of the children, will have charge of them, and after her, Clara Cudahy, another aunt.
Mrs. Cudahy was given the right to visit the children "at all reasonable times and places, and for such periods as may be reasonable and proper."
"To protect the children," was the reason given by her attorneys, that no charge other than "incompatibility" was made in the bill.
Immediately after the decree had been granted, Mrs. Cudahy left for Chicago with her children. She will take them to the home of their grandparents. She will return here to make her home.
Friends say she received the furnishings of the fashionable Kansas City residence.
PERHAPS VAUDEVILLE.
With the granting of the divorce, the rumor that Mrs. Cudahy would enter vaudeville was revived. She is known to have a standing offer of \$500 a week for a thirty weeks engagement.
Mrs. Cudahy had arranged with her attorneys so that there was no embarrassing delay in having her case heard.
"You have always been a faithful wife," asked W. H. Cowherd, one of her attorneys.
"I have," she replied.
"Did your husband ever use abusive language toward you?"
"Yes, often vile."
"Did he ever so speak to you in the presence of others?"
"Yes."
"In the presence of your children?"
"Yes."
"Did he ever behave violently toward you?"
"Frequently."
All of her testimony was similar to this.
Mrs. Cudahy's attorneys did not cross-examine her.
The maid, who was a witness to the affray when Mr. Cudahy carved Lillis with a butcher knife, said she had never seen Mrs. Cudahy act in other than an orderly manner.
Mrs. Cudahy's bill was one of the shortest ever filed in this county. She set forth that she was married to Mr. Cudahy on December 24, 1899, in Omaha, and that he left her on March 1, 1910, without cause.

THE CHILDREN.

The children are Edna Catherine, aged 10; Marie C. A. and Elizabeth, 6, and Michael, 5.

ASSOCIATED PRESS NIGHT REPORT.
NEW YORK, Aug. 23.—With
12 stitches in his heart, Samuel
Harman, a waiter, is resting
comfortably today in a hos-
pital here. He was stabbed
last night by a customer who
objected to the quality of the

The operation, which phy-
sicians say is the seventh of
its kind in the history of sur-
gery, was technically success-
ful, and it seems more than
possible that Harman will live.

NORTHWEST FIRES.

(Continued from First Page.)

The Andrees was borne on a stretcher
by the other men.
They arrived at St. Joe with their
clothing ready to fall from
their bodies.

That Elk City is still on the map
of the forest fire area, which
is ablaze for miles, is due solely to the
heroism of the women of the town, who,
when the male population was fighting
the advance of the flames, guarded
their homes and the business houses,
extinguishing a number of fires.

Many of the women stayed on the
roofs of the buildings all night,
and but for their vigilance and
bravery the town would have been de-
stroyed. For fire once under head-
way would have swept the entire vil-
lage as the night wind prevailing
would have rendered futile all efforts
to subdue it.

**GOVERNOR WIRE
TAPT FIRE DETAILS.**

ASSOCIATED PRESS NIGHT REPORT.
BEVERLY (Mass.) Aug. 23.—Pres-
ident Taft's suggestion that the fire
stricken states of the West should
call out the militia to assist the Fed-
eral troops in handling the situation,
has already borne fruit in Idaho,
where Gov. Brady has called out the
National Guard. The President re-
ceived today the following telegram
from Gov. Brady:

"Hon. William H. Taft, President,
Beverly, Mass.
"Since wiring you I have received
the following telegram from
"Unconquerable fire
chier are eating up the forests be-
tween Avery and St. Joe. The settlers
who are believed to be dead, but
no help available. Women and child-
ren helped to town by volunteer res-
cue parties."

"Great fires around Burke and Mul-
land threaten if they have not already
destroyed these towns."

"Fires between Ralph and Spir-
it Lake are in enormous bodies of
timber with many settlers and sum-
mer campers in danger."

"Fires around Newport, Wash., near
the Idaho line, are well nigh uncon-
querable because of the high winds
prevailing in this region. Five are
known to be dead and many missing
in that region and settlers are all
driven away, their possessions burn-
ing."

"On the Coast of Alaska shores two
fires are burning, big brands falling
in Cour d'Alene city."

"Wallace property loss totals a half
million dollars, loss of life in town
probably two and a half."

"Wind may veer any moment and
endanger rest of city, which is
beyond human control in most in-
stances. The large force of men
directed by exhausted foresters could
not handle the situation."

"I am convinced that conditions
warrant me in calling out the State
Militia in encampment at American
Lake, Wash., and I have ordered Gen.
F. M. Rowe to proceed with all dis-
patch and bring all troops under his
command to Cour d'Alene to assist
in the alleviation of suffering of the
stricken people and perform such duty
as may in his judgment be necessary
for the further protection of life and
property. I will cooperate in every
way possible with national troops."
JAMES H. BRADY,
Governor.

**FEARS FOR SAFETY OF
SIX HUNDRED RANGERS.**

HELENA (Mont.) Aug. 23.—The first
report to reach this city with a sug-
gestion of the terrible fate that is be-
lieved to have overtaken a crew of
600 forest rangers who left Thompson
falls four days ago to combat the fu-
rious fire in the Cabinet reserve, was
brought out in the story of Julius
Barney, who arrived today from
Thompson, where he heard from For-
est Supervisor Bushnell, first hand in-
formation of condition in the dis-
trict.

"Six hundred men," said Mr. Barney,
"have been gone for days during
which time nothing has been heard
of the party, and Forest Supervisor
Bushnell of the Cabinet reserve, who is
at Thompson, fears all are dead. They
could scarcely have obtained food, and
as none have returned, it is presumed
they were cut off by the fire."

"When I left Thompson this morn-
ing, the wind was blowing a gale and
a wall of fire hundreds of feet in
height was sweeping in from the west.
The people of Thompson, numbering
about 700, had packed their effects and
were preparing to flee to Plains, 25
miles east."

"Thompson began to be crowded with
refugees several days ago. From White
Fire, Mont., came hundreds of men,
and from many other points they have
come tramping in, men, women and
children, blistered, heartbroken, having
lost every dollar in the world and es-
caping barely with their lives. None
of these parties saw any of the rangers
who plunged into the woods with the
parties of twenty to sixty volunteers."

"What is worse, the fire has leaped
Paradise and is burning east of
All hope of fighting it has been aban-
doned, and Thompson seems hope-
lessly cut off. Plains is still open and
being the largest town in Sanders
county, can accommodate the refugees,
but nobody knows when Plains, which
is surrounded by dense forest, will be
set aflame."

"The flames jump five miles at once
and spread with inconceivable rapidity,
and unless it rains tonight not only
Thompson but Plains, Paradise and
many smaller towns are doomed. Mean-
while nothing can be done for the 600
men who are missing, nor can the wake-
ful news of their whereabouts be obtained."

Red Noses Cleared

Effect of Poslam, the New Skin Rem-
edy, is Immediately Perceptible.

"I have been troubled with red nose
and eczema for nearly eight years un-
til I discovered poslam, the new mag-
ic cure for skin troubles. I was dis-
appointed to find it was a skin cream,
I was ashamed to be seen on the street.
I was surprised to see the improve-
ment after a month's treatment and
I have a nice, clear complexion from
which the pimples and my red nose
disappeared like magic," says Charles
P. Slitter, Wilkesbarre, Pa. "My nose
would be like a ball," says Carl D.
Steinhoff, Columbus, Ohio, "not only
painful, but embarrassing. I have
given poslam a thorough trial. My
face became smooth and fair. My
nose is a natural color and does not
get sore."

Poslam is the new skin remedy,
naturally flesh-colored, which heals
and hides all skin imperfections. It
though primarily intended for eczema
—stopping the itching with first ap-
plication and rapidly restoring the
health of the skin—poslam shows im-
mediate and surprising results when
used for less serious skin affections,
such as pimples, rash, blotches, in-
flammations, etc.

Poslam is on sale in 50-cent boxes
and \$2 jars at all druggists, particu-
larly The Owl Drug Co.'s stores. A free
sample may be obtained by mail in
plain wrapper by writing to the Em-
ergency Laboratories, 32 West 25th st.,

**KEYNOTE OF
THE CAMPAIGN.**

Further Revision of Tariff to
Be Favored.

President Tells Position in
Letter to McKinley.

Shrewd Move on His Part for
Harmony.

ASSOCIATED PRESS NIGHT REPORT.
BEVERLY (Mass.) Aug. 23.—Pres-
ident Taft's keynote for the Congress
campaign became known here today.
The President will favor further re-
vision of the tariff.

While he is still convinced that the
Payne-Aldrich law is the best tariff
the country has had up to this time,
he has at last reached the conclu-
sion that a revision is needed for im-
provement.

Mr. Taft does not propose that busi-
ness should be upset by another whole-
sale revision, but with a revision of the
Congress that individual schedules in
the tariff system be taken up sepa-
rately and be disposed of on a sci-
entific basis.

The new revision is to be based upon
the findings of the Tariff Commission
as to the cost of production at home
and abroad, but with a revision of the
tariff to be allowed the American pro-
ducer.

"Extortionate and unreasonable"
prices, he declares, are to be toler-
ated no longer.

The President has outlined his posi-
tion in a letter sent to Represen-
tative McKinley of Illinois, a publi-
cation in the Republican Congres-
sional campaign text-book. The letter
was mailed from Beverly yesterday.

The time of making it public has been
left entirely to the committee.

SHREWD MOVE.
Political observers regard this move
as about the shrewdest made during
the present administration. It offers
an excellent opportunity for the in-
surgent and regulars to get together in
the campaign and President Taft has
been exceedingly anxious to find
ground upon which the factions could
meet without embarrassment.

The principal fight of the insurgents was
on some schedule of the tariff bill.
President Taft is meeting them
head on by admitting that individ-
ual schedules need further re-
vision. At the same time he is back-
ing up the tariff at large, in the be-
lieves they did the best they could
with the unreliable information in
their hands.

With the creation of the tariff board
under the Payne-Aldrich act, the
President believes a way has been
opened to the tariff at large, and
basis for the first time in the history
of the country.

The objection has been urged upon
the President that the opening of an
individual tariff schedule would mean
the possible throwing open of the en-
tire tariff.

Mr. Taft proposes to meet this with
the recommendation that before any
revision is taken up for consid-
eration, a rule shall be passed by
both House and Senate, providing that
amendments to a certain schedule of
the tariff shall be in order and that
any amendments not germane to that
particular schedule shall be out of
order.

The President takes the ground that
it was impossible to revise the tariff
law as a whole, and that the tariff
platform was adopted, and to revise
at the same time on a basis of the
difference between cost of production
at home and abroad, while believing sub-
stantial progress was made in the
Payne-Aldrich act, and now that the
Tariff Commission has got its inquir-
ies well under way, will soon be able
to take up the individual sched-
ules and revise them on the basis de-
clared for in the tariff platform.

The President has already had two
conferences with H. C. Emory of the
Tariff Commission. The first of these
was on board the yacht Mayflower at
Bar Harbor, late in July, and the
second was at Burgess Point two
weeks ago. The President proposed
to have the entire tariff board meet
him here in Beverly some time in Sep-
tember.

DRAFTS COME BACK.

Charge of Passing Worthless Paper is
Lodged Against Man Giving
Detroit Address.

After a visit of several weeks in
this city, in which time he is accused
of having passed worthless drafts in
payment of his bills, a young man
giving the name of A. Smith, and
his address as Detroit, was arrested
last night on Fourth street by de-
tectives to whom complaints of various
taxicab companies and saloon men had
been referred. He was locked up in
the City Jail on suspicion.

According to the detectives, the
young man came to Los Angeles sev-
eral weeks ago and ran through his
funds in a short time. He continued
his high rate of living with drafts,
which he cashed in the Lincoln Hotel
from \$15 to \$25, were returned to those
who had accepted them, marked worth-
less.

Several days ago the complaints be-
came to be made at the Central Police
Station. The officers and detectives

Red Noses Cleared

Effect of Poslam, the New Skin Rem-
edy, is Immediately Perceptible.

"I have been troubled with red nose
and eczema for nearly eight years un-
til I discovered poslam, the new mag-
ic cure for skin troubles. I was dis-
appointed to find it was a skin cream,
I was ashamed to be seen on the street.
I was surprised to see the improve-
ment after a month's treatment and
I have a nice, clear complexion from
which the pimples and my red nose
disappeared like magic," says Charles
P. Slitter, Wilkesbarre, Pa. "My nose
would be like a ball," says Carl D.
Steinhoff, Columbus, Ohio, "not only
painful, but embarrassing. I have
given poslam a thorough trial. My
face became smooth and fair. My
nose is a natural color and does not
get sore."

Poslam is the new skin remedy,
naturally flesh-colored, which heals
and hides all skin imperfections. It
though primarily intended for eczema
—stopping the itching with first ap-
plication and rapidly restoring the
health of the skin—poslam shows im-
mediate and surprising results when
used for less serious skin affections,
such as pimples, rash, blotches, in-
flammations, etc.

Poslam is on sale in 50-cent boxes
and \$2 jars at all druggists, particu-
larly The Owl Drug Co.'s stores. A free
sample may be obtained by mail in
plain wrapper by writing to the Em-
ergency Laboratories, 32 West 25th st.,
New York City.

**KEYNOTE OF
THE CAMPAIGN.**

Further Revision of Tariff to
Be Favored.

President Tells Position in
Letter to McKinley.

Shrewd Move on His Part for
Harmony.

ASSOCIATED PRESS NIGHT REPORT.
BEVERLY (Mass.) Aug. 23.—Pres-
ident Taft's keynote for the Congress
campaign became known here today.
The President will favor further re-
vision of the tariff.

While he is still convinced that the
Payne-Aldrich law is the best tariff
the country has had up to this time,
he has at last reached the conclu-
sion that a revision is needed for im-
provement.

Mr. Taft does not propose that busi-
ness should be upset by another whole-
sale revision, but with a revision of the
Congress that individual schedules in
the tariff system be taken up sepa-
rately and be disposed of on a sci-
entific basis.

The new revision is to be based upon
the findings of the Tariff Commission
as to the cost of production at home
and abroad, but with a revision of the
tariff to be allowed the American pro-
ducer.

"Extortionate and unreasonable"
prices, he declares, are to be toler-
ated no longer.

The President has outlined his posi-
tion in a letter sent to Represen-
tative McKinley of Illinois, a publi-
cation in the Republican Congres-
sional campaign text-book. The letter
was mailed from Beverly yesterday.

The time of making it public has been
left entirely to the committee.

SHREWD MOVE.
Political observers regard this move
as about the shrewdest made during
the present administration. It offers
an excellent opportunity for the in-
surgent and regulars to get together in
the campaign and President Taft has
been exceedingly anxious to find
ground upon which the factions could
meet without embarrassment.

The principal fight of the insurgents was
on some schedule of the tariff bill.
President Taft is meeting them
head on by admitting that individ-
ual schedules need further re-
vision. At the same time he is back-
ing up the tariff at large, in the be-
lieves they did the best they could
with the unreliable information in
their hands.

With the creation of the tariff board
under the Payne-Aldrich act, the
President believes a way has been
opened to the tariff at large, and

tire tariff.

eration, a rule shall be passed by
both House and Senate, providing that

the tariff shall be in order and that

particular schedule shall be out of

The President takes the ground that

platform was adopted, and to revise
at the same time on a basis of the
difference between cost of production

stantial progress was made in the

to take up the individual sched-
ules and revise them on the basis de-

HIT BY MOTORCYCLE.
Traveling Salesman is Run Down by
Spurring Go-Devil on South
Broadway.

J. A. Taylor, a traveling man, a
guest at the California Hotel, while
crossing the street at Broadway and
Fifth street, yesterday morning, was
struck and severely injured by a mo-
torcycle owned by the Labor Union

According to Taylor, he stepped aside
to avoid a bicycle when the motorcycle
driven at great speed struck him,
knocking him unconscious. The driv-
er of the machine stopped an instant,
then without so much as offering the
injured man any assistance, rode off.

Taylor was carried to the Owl Drug
Company, where he was revived. Dr.
J. M. Dunsmuir later dressed his
wounds. The injured man received a
severe cut on the chin and suffered
serious bruises. Dr. Dunsmuir, how-
ever, is of the opinion that he will
recover.

Taylor intends prosecuting the own-
ers or the driver of the machine, to
the limit of the law.
